Announcing CSI Financial is Now Headquartered & Staffing in Jacksonville, Florida.

JACKSONVILLE, FL., Sep. 25, 2018 – The CSI Companies is proud to announce that its newest division, CSI Financial, is now open in Jacksonville. CSI Financial is focused on identifying and placing top finance and accounting talent including roles like CFO, Controller, Staff Accountant, Credit Analyst and Lenders.

CSI Financial is led by Larry Mims, an industry veteran with over 25 years of experience as an audit and tax professional, tax director and now President of the locally headquartered financial staffing division. Larry oversees a group of experienced, local market business development professionals and executive recruiters already pipelining for local institutions and organizations.

Working side-by-side in the same space as the award-winning divisions of The CSI Companies allows our team to focus on the needs of our local clients, while leveraging the organizations resources and technologies – only available to some of the largest staffing firms in the country.

According to Chris Flakus, Chief Operating Officer at The CSI Companies, headquartering this new division in Jacksonville was the obvious choice. “CSI has had tremendous success in Jacksonville for nearly 20 years and with a growing economy and strong local colleges, we are excited to be an even bigger part of Jacksonville’s next 20 years.”
